

## IBNS 2019 Schedule

Sunday, June 23	Monday, June 24	Tuesday, June 25	Wednesday, June 26	Thursday, June 27									
Variety of custom tours will be available for IBNS participants and guests on pre-conference days.  TBA	Coffee Break	Coffee Break	Coffee Break	Coffee Break	8:00-8:30								
	Bench-to-Bedside Keynote: Miguel Nicolelis		Keynote: Carol Barnes		Presidential Keynote Trevor Robbins								
	Break		Break		Break								
	Symposium: Addiction: Factors contributing to the escalation of ethanol consumption	Symposium: Cognition: Healthy aging of the brain: Mixing old and new ways to improve cognition.	Symposium: Physiology: Metabolic signals and adaptive survival behaviours	Symposium: Psychiatric disorders: Stress, Neuroimmune Signaling and Psychiatric Disease	Symposium: Social Behavior: Animal Brains Gone Wild: Neuroethological Explorations of Vertebrate Nervous Systems and Adaptive Functions	Symposium: Addiction: Personality driven alcohol use and abuse - distinct mechanisms revealed	Symposium: Affective: Feeling the emotions of others: from behavior to circuits	Symposium: Cognition: Making the right choice: Decision making under conflict	Symposium: Psychiatric disorders: Mining CNVs: Identification of CNV-encoded individual genes as potential therapeutic targets for neuropsychiatric disorders	Symposium: Affective: Modeling depression effectively in animal work	Symposium: Cognition: Construction and disruption of memory circuits during development	Symposium: Psychiatric disorders: Electrophysiological neural mechanisms underlying psychiatry-relevant behaviors	10:00-12:00
	Lunch Break: Meet the Professor			Lunch Break		Lunch Break: Social media in Research			Lunch Break			12:00-1:30	
Council Meeting	Symposium: Cognition: Recent perspectives on action control and decision-making	Symposium: Psychiatric disease: The translational potential of cannabinoids: from animal models to the clinic	Travel Award Blitz			Hot topics: The Importance of Being Earnest about Sex and Stress Effects on Cognition across the Lifespan Hot Topic	Symposium: Social behavior: Measuring impact of social interaction across species	Symposium: Affective: Mood and motivation - behavioural outcomes from central challenges	Hot topics: Food for Thought: Diet and Environmental Impacts on Behaviour and Physiology Hot Topic	Symposium: Social behavior: Elucidation of Novel Microcircuits Regulating Aversive Memories	Symposium: Cognition : Cross species investigation of the neural substrates of decision making.	1:30-3:30	
	Break		Break			Break			Break			3:30-4:00	
	Symposium: Psychiatric disease: Translational models of human neurodevelopmental and neuropsychiatric disease: Integrating neuroimmunology, neuroendocrinology and behavior	Symposium: Addiction: Linking behavior with images of the tetrapartite synapse of the reward system circuitry	Symposium: Psychiatric disease: NMDA receptors, electrophysiology and behaviour: Implications for schizophrenia	Symposium: Cognition: New insights into basal-ganglia circuitry: Translational relevance for instrumental action and decision-making	Symposium: Psychiatric disorders: Early intervention for altered developmental trajectories in psychiatric disorders	Symposium: Addiction: Recent advances in the neurobiology of relapse to drug use in addiction.	Symposium: Pain: Pain, opioids, and the immune response	Symposium: Psychiatric disorders: From phenotype to pharmacological intervention: Behavioral measures for enabling Translational Research	Symposium: Social Behavior: Neurobiology through lens of diverse models.	Symposium: Cognition: Prediction error, dopamine and beyond	Symposium: Psychiatric disorders: Genetics and epigenetics of behavioral phenotypes in animal models of stress-related psychopathology	Symposium: Social behavior: Tuning in to USVs and Social Behavior	4:00-6:00
	Break		Break			Break			Break			6:00-6:30	
	Networking Night Join one of our three networking events (e.g. Meet the Exhibitors, Student Social, etc.)		Poster Session 1			Poster Session 2			IBNS Business Meeting			6:30-7:00	
Welcome to Country Reception										Awards Banquet	7:30-Midnight
